

Aerogen Wind Generator

AEROGEN 2 - MODEL NUMBER **A20**

The new *Aerogen 2* wind generators run at low rotational speeds for quietness safety and minimal wear and tear.

With heavy duty sealed bearings and tough replaceable blades the Aerogen 2 is built to give you years of reliable, trouble free operation.

Features and Benefits

When you're sailing

- Batteries charged without running engine.
- Free, quiet, inexhaustible, planet friendly power.
- No additional fuel demand or cost.

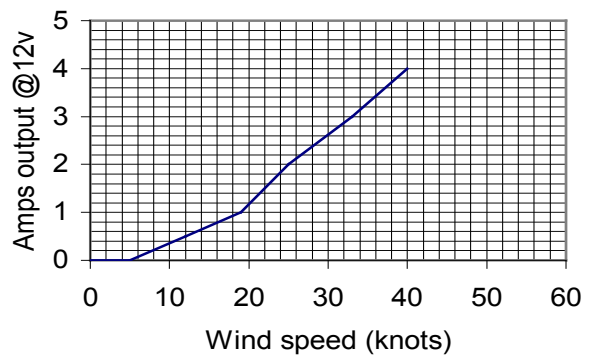

When you're away

- Power to keep batteries charged, day and night whenever there's a breeze.
- Light, tough corrosion resistant maintenance free.
- Bilge pump and other essential electrics can be allowed to run without risk of flat batteries.

When you arrive

- Lights that light up.
- A dry bilge.
- A refrigerator that gets going straight away.
